When it comes to security of your data, it's time to be PRO-Active! Much more than an ordinary storage device, Verbatim Store 'n' Go Pro USB Flash Drives contain advanced security features which allow you to securely encrypt and protect sensitive data from unauthorized access, and offer speedy file transfers at read speeds up to 200X (30MB/sec) and write speeds up to 80X (12MB/sec)!

Security features include a user defined Privacy Zone for securely storing sensitive data and a Public Zone which allows easy access and sharing of non-sensitive data. With Store 'n' Go Pro's public/privacy zones, you share only the data you intend to share, while protecting sensitive content.

All Privacy Zone data is encrypted with powerful hardware based 256-bit AES encryption to prevent unauthorized access. Access to Privacy Zone data is password controlled, and anti-tampering features help safeguard Privacy Zone data from brute force attacks or password guessing attempts. Even if your device is lost or stolen, Store 'n' Go Pro's features will help protect your private data!

- 256 bit AES hardware data encryption secures confidential data
- V-Safe Security feature allows you to encrypt privacy zone data, while allowing a public zone for easy sharing of non-sensitive files.
