

3M™ Polarizing LED Task Light

Reduce eye strain and improve your reading comfort

The 3M TL1200 Polarizing LED Task Light features 3M proprietary polarizing light filter technology. The polarizing light filter technology reduces glare by 50-80% on reading materials and work surfaces and improves eye comfort.* Reduced glare and improved lighting can help increase reading efficiency.

In addition, the TL1200 has LED bulbs. LED bulbs have the following advantages:

- Energy efficient and remain cool to the touch
- Last up to 40,000 hours
- Do not contain mercury
- Do not produce UV light
- Anti-flicker

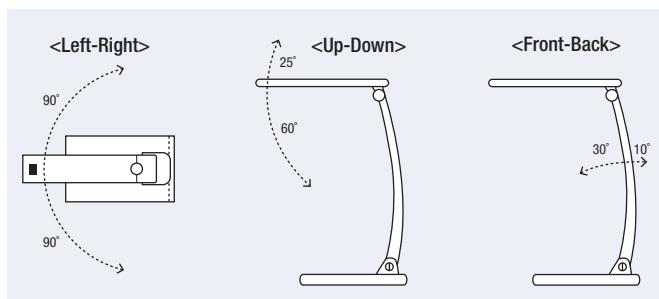

*The amount of reflected glare reduction in reading materials is dependent on viewing angle. Glare reduction is reduced by 50% at a 30 degree reflection angle from light to eye, and reduced by 80% at a 60 degree angle from light to eye.

TL1200 Specification Table

Levels	5	4	3	2	1
Brightness/ Luminance (Lux)	880	650	400	250	120
Energy/Power Consumption (W)	7	5	3	2	1.3
Recommended for:	Study/Work • Reading • Using computer		Simple task/Night light		

TL1200 Adjustment Flexibility

The TL1200 can be easily adjusted according to your needs. It is designed for intuitive use. To hold the position, tighten knob on the top or bottom of the arm.

TL1200 (Black/White) Polarizing LED Task Light

• 3M™ Polarizing Light Filter

3M proprietary technology reduces glare by up to 80%*

• 5 Brightness Levels

Easy touch sensor controls 5 levels of brightness for your every need

• Aesthetic Design

Modern and stylish to fit your home or office and lifestyle

• Highly Flexible

Lamp adjusts up-down, left-right with ease

• Easy to Position

Fix the final position in place with a gentle tightening of the knob

• Slim and Stable Base

Stable base fitted with anti-skid pad sits well on all surfaces

• Hassle-free

No assembly required

Usage Instructions:

- Avoid putting the lamp on uneven surfaces to prevent toppling or damage
- Avoid usage in high temperature (104°F/40°C) areas
- Avoid usage in humid and wet areas (showers or outdoor)
- Avoid putting lamp next to a heater
- Lamps should not be covered with flammable objects (cloth or paper, etc.)
- Do not use force when adjusting the lamp
- Do not use lamp with other adaptors
- Do not use lamp with other voltage supply
- Do not attempt to dismantle, modify or force lamp apart
- Do not insert objects into the lamp
- If not in use for a prolonged period, remove socket from power
- Do not come in contact with the lamp and socket with wet hands
- If any irregularities are detected during use, turn off and remove from power source immediately
- For assistance, call our Customer Service Center at 1-800-332-7483

Maintenance:

- Always remove lamp from power source before performing any maintenance on the lamp
- Lamp cannot be washed in water. If it is dirty, unplug from the electrical socket and wipe with a clean cloth

Power/Adaptor Standards for TL1200:

- 12V/1.5A

Safety Information

Please read, understand, and follow all safety information contained in these instructions prior to the use of these lights. Retain these instructions for future reference. For assistance, call our Customer Service Center at 1-800-332-7483.

INTENDED USE: These lights are intended to provide polarized task lighting indoors. Use in any other application has not been evaluated by 3M and may lead to an unsafe condition.

3M LED Task Lights are intended for indoor office use and have not been tested for operation at different voltages or used outdoors. Each of these misuses could damage the light and/or create unsafe operating conditions.

Explanation of Signal Word Consequences

- ⚠ WARNING:** Indicates a potentially hazardous situation, which, if not avoided, could result in death or serious injury and/or property damage.
- ⚠ CAUTION:** Indicates a potentially hazardous situation, which, if not avoided, may result in minor or moderate injury and/or property damage.
- NOTICE:** Indicates a potentially hazardous situation, which, if not avoided, may result in property damage.

⚠ WARNING:

To reduce the risks associated with impact and hazardous voltage which, if not avoided, could result in death or serious injury and/or property damage:

- use indoors and in dry locations only; keep all liquids away from the lamp
- avoid putting the lamp on uneven surfaces to prevent toppling or damage
- do not alter or modify the light, the ground plug or the polarized plug blades
- do not use the lamp with other adaptors or voltage supply
- plug the task light into a grounded, polarized electrical outlet; contact a qualified electrician if a polarized outlet is not available
- do not use the task light if the power cord or the enclosure is damaged
- if an extension cord is used, ensure that it is properly rated for your application
- do not attempt to disassemble lamp; product is to be serviced by qualified service personnel only—there are no user serviceable parts inside
- always power off and unplug lamp before cleaning
- clean exterior only with a dry, clean cloth; do not immerse lamp in water to clean
- do not use force when adjusting lamp
- do not insert objects into the lamp
- if any irregularities are detected during use, turn off the switch and unplug the lamp

⚠ WARNING:

To reduce the risks associated with excessive heat and fire, which if not avoided could result in death or serious injury and/or property damage:

- avoid usage in high temperature areas (104°F/40°C)
- avoid putting lamp next to a heater
- lamps should not be covered with flammable objects (cloth or paper, etc.)

Terms and conditions apply. 3M reserves the right to make changes to terms and conditions. Product specifications are subject to change without prior notice.

⚠ CAUTION:

To reduce the risks associated with environmental contamination, which, if not avoided could result in minor or moderate injury:

- dispose of task lights in accordance with applicable local government regulations

Warranty Information

Limited Five-Year Warranty

3M warrants to the owner of this task light that it is free from defects in material and workmanship under normal use and service for five years from the original date of purchase. The warranty does not include normal wear and tear or failure due to operator misuse, carelessness or any accidental cause.

3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

If, after the date of purchase, the product proves to be defective or requires service, your exclusive remedy and 3M's and seller's sole obligation shall be, at 3M's option, to repair or replace the product. If you have a problem with the product, please call our Customer Service toll-free number, 1-800-332-7483. If requested by 3M, you must send the product to 3M at your sole cost.

This warranty does not cover damage resulting from accidents, misuse, abuse, and lack of reasonable care.

Limitation of Liability: Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from this 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.

This warranty gives you specific legal rights, and may vary from state to state. The foregoing Limited Five-Year Warranty and Limitation of Liability language may be changed only by a written agreement signed by authorized officers of 3M and seller.

Return Privilege: This product is sold subject to the foregoing Limited Five-Year Warranty and Limitation. If you do not wish to purchase the product subject to these conditions, then you may return the product to 3M for a full refund of your purchase price within ten (10) days after the purchase date. Call 1-800-332-7483 for return instructions.

FCC Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This Class A digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe A est conforme à la NMB-003 du Canada.
