

Vertical Reinforced Expanding Wallets

The vertical expanding wallet turns papers on end to make finding items faster and easier. With the secure flap, wallets fit in backpacks for instant portability.

By turning the traditional wallet on end, these cool new wallets allow consumers to store papers, find them fast and transport them easily, even in a back pack. The full flap closure allows consumers to securely file in a traditional file drawer or carry files with them wherever they go.

- Perfect for backpacks - vertical orientation makes finding papers easier
- Full flap with elastic closure
- Rip-proof gussets
- Letter Size - 3 1/2" Expansion
- Durable red fiber material
- 10% recycled fiber with 10% post consumer fiber,
- SFI Certified
- Acid Free
