ALL IN ONE EXCEPTIONAL CHAIR

5330-2 High Back Knee Tilter shown in Styx ST20 Olive

5331-2 Medium Back Knee Tilter shown in Styx ST20 Olive

5331-2 Medium Back Knee Tilter shown in Styx ST20 Olive with Tungsten base

5332 Available in Tungsten (TUN) as shown above or Black (BLK) frames. Armchair shown in Styx ST20 Olive

Contoured cushions support the user in comfortable, contemporary style. Supra is available with a standard black fiberglass reinforced nylon base or an optional Tungsten (TUN) finished steel base. An armchair is available with casters for easy mobility. Value, beauty and comfort all in one chair. Designed by Zooney Chu.

Supra's beautiful lines and its exceptional value have quickly made it one of Global's most popular products.

Cover: 5330-2 High Back Knee Tilter seating shown in Momentum Exes EX16 Envy.

Protective Outer Back Beautifully sculpted outer back shell is made from impact resistant polypropylene for additional durability.

Soft Durable Arm The broad sculptured armcap is soft to the touch and made from durable self-skinned urethane.

Tilter Chair offers tilt tension adjustment and tilts from a pivot point under the center of the seat allowing you to rock comfortably. Chair can be locked in the upright keyboarding position.

Knee-Tilter Chair tilts from a pivot point at the front of the seat. This keeps your feet on the floor as you rock and reduces pressure behind the knees; thereby enhancing blood flow. Tilt tension is adjustable for body weight and infinite position tilt lock is standard.

Tungsten (TUN) finished steel base is optional. Standard base is black, fiberglass reinforced nylon.

5332C Armchair features four leg base on casters for easy mobility. Frames are available in Black (BLK) or Tungsten (TUN) finishes.
