Global is pleased to introduce Blocks filing system. Blocks allows for two sided file access which can be used in a variety of applications. Simply choose from a selection of Lower Blocks and Upper Blocks to create unique configurations. In conjunction with work surfaces, Blocks creates functional and space-efficient work spaces.

Blocks is quick and simple to set up, configure, and if needed reconfigure. This flexible filing system is designed to meet your future needs - simply unassembled and re-assemble on site.

N E W | **PRODUCT**

FEATURES:

- Stackable Filing System that can be easily assembled and re-configured
- Provides multi-user solutions with access from two sides of files
- An assortment of cabinet openings and heights are available to create a wide variety of file configurations
- Each Block is constructed from Cold Rolled Steel
- All Blocks are 36″ width and 18″ depth
- All Fronts have Looped full pulls
- For extra strength the top of each Block has a stiffener bar
- Top corners have corner gussets for extra rigidity
- Fixed Front Drawers and Receding Doors include stiffener bar for extra strength
- Levelling Glides on Lower Blocks allow for proper levelling
- Counterweights are included in Lower Blocks
- Greenguard Certified
- Meets or exceeds ANSI/BIFMA standards

BUILDING THE CABINET:

1. Pick a Lower Block
2. Pick an Upper Block
3. Join Blocks to create a file cabinet with access from 2 sides
- Upper Block cabinet always opens in the opposite direction to the Lower Block cabinet.
- Blocks are assembled quickly and easily using 4 bolts and the Blocks wrench supplied
- **Total cabinet height must not exceed 6 high**

OPTIONAL ITEMS:

- Laminate top (36") for files   - Accessory items (extra keys, additional shelf, etc)   - E-Lock
