

Industrial Wire Shelving

Starter Unit with one Add-on

Snap-on compression sleeves allow easy adjustment of shelves in 1" increments. The dual ridges provide the added contact required for heavy loads

Black

Metallic Gray

These strong welded wire construction shelves support up to 1,250 lbs. per shelf*. Starter sets are equipped with four shelves that adjust in 1" increments, with extra shelves available in packs of two. Add-on units include four shelves, two posts and snap-together clips for instant assembly. Assembles in minutes without tools. The open wire construction permits air circulation and reduces dust accumulation. Shelves can be adjusted in 1" increments. Available in 18" and 24" deep shelves- all units are 72" high. Available with Black (BL) or Metallic Gray (GR) powder coat finish
