LAYOUT A3L1 Shown in Winter Cherry (WCR) with
Graphic seating in ArcCom Circuit, Pebble #3 (AC68102).

OVERVIEW

- Princeton is designed for a generation that believes the office doesn't have to look like 'the office' in order to perform.
- Most traditional desking systems build out from the wall, Princeton builds out from you and where you work.
- Overlapping worksurfaces render a flexible footprint that's simple to reconfigure. Need an extra few inches...just move the desk to where it fits.
- A tight product map of approx. 200 components make for easy specification.
- Princeton is free standing and fully modular for ease of installation.
- New storage options do more in less space.
- Contrasting white worksurfaces and drawer fronts on credenzas and pedestals are available without upcharge.
- Tempered glass Equipment Screens and new wiring grommets and pass through grommets visually manage electrical and communication cables.
- Princeton is Greenguard Certified.

FEATURES AND BENEFITS:

- Worksurfaces:
 - Choice of 2 worksurface tops: 1 inch or 1 1/8 inch tops
 - Available in Thermally Fused Laminate or High Pressure Laminate
