Greenside Self-Adhesive Products offer the widest range of solutions to organize, store, file or present.

Whether you need to enhance a presentation, safely store a CD or organize your filing, we have a product to help. All of our self-adhesive products will adhere to most surfaces allowing you to use them in the office or at home.

Presentation Products

Business Card Pockets

These self-adhesive business card pockets are readily attachable to any kind of presentation material. Made to hold standard business cards, they are a convenient way of including your business card in a binder, presentation folder or on a brochure. These self-adhesive pockets allow you to create your own card filing system by applying up to 8 pockets on a letter size sheet of paper and file in a binder. Pockets can be mounted vertically or horizontally and have an indentation cut in the edge for easy card removal.

Business Card Pockets
20106G
2 3/8" x 3 1/4" - 10/bag

Business Card Pockets
20107G
2 3/8" x 3 1/4" - 20/bag

File Organization

Filing Strips — 20511G
A great way to file multi-page brochures, oversized documents and edge to edge printed documents in a binder, without having to punch holes.

These shelf adhesive strips feature holes on the side to allow filing in a binder. They can also be cut to various lengths for specialty binders smaller than standard.
1" x 11" - 25/bag

Index Tabs
Write on index tabs for quick and easy marking of files, reports or binder sections.
20621G
1" Tabs White
36/bag

20631G
1.5" Tabs White
24/bag

Media Storage

CD Pockets with re-sealable Flap - 20171G
Self-adhesive CD/DVD pockets are made from 100% archival safe polypropylene. They can be applied to binders, presentation folders and most other surfaces where a CD/DVD needs to be attached.

The re-sealable flap ensures the CD/DVD will not fall out if a binder or folder is held upside down. An ideal solution for safely storing and protecting disks from abrasive surfaces, dust and dirt.
5"x 5" - 10/bag

Memory Card Pockets with re-sealable Flap (Includes card holder) - 20158G
Self-adhesive memory card pockets are made from 100% archival safe polypropylene. Designed to hold all memory card sizes the re-sealable flap ensures the cards are held safely at all times.

Included is a cardboard wallet that holds up to 8 pockets for safe storage in a camera case, briefcase or tablet case.
 2" x 2 1/5" - 10/bag plus wallet

Diskette Pockets with re-sealable Flap- 20166G
Attach and store diskettes to binders, presentations or create your own storage system by applying four diskettes on a cardboard sheet and put into a binder.
 4 1/8" 4" - 10/bag
