

Fight the spread of germs in
your workplace with PURELL®

PURELL Program for Workplace Wellness

One touch...

and **SUDDENLY**
the germs are spreading.

Are you prepared for an illness outbreak?

Most germs are spread by hands, and hands carry germs throughout the office. With one touch, germs spread to co-workers and work surfaces.

Hands spread germs.

Germs may cause illness.

That can **cost you big.**

The spread of illness has a real impact on your company.

Studies show that respiratory illness alone can cost as much as \$134 per employee per year and 4.1 hours of lost productivity per day.¹ In addition, healthcare and other business costs can rise. Not to mention the impact on employee morale.

Why don't we just wash?

Because soap and water are in the restroom.
We're busy at our desks...where the germs are.

"The average desk harbors over 10 million germs."²

Put PURELL® to work!

Help stop the spread of germs
with the PURELL Program for
Workplace Wellness.

PURELL, America's #1 brand of instant hand sanitizer.

PURELL Instant Hand Sanitizer kills 99.99% of
most common germs that may make you sick.
It's the brand people know and trust.

Put a PURELL Pal or PURELL Desk Caddy on the desktop... where the germs are.

Their engaging designs capture attention,
encouraging frequent use. Additionally,
you'll be reminded to continue germ
fighting by the simple visual cue
to replace your bottle
when it's empty.

Educational materials to encourage use.

Brochures. Posters.

A web site. Everything you
need to educate employees
on how to help reduce the
spread of germs in the
workplace with PURELL.

The CDC and the U.S. Department of Health and
Human Services advise employers to promote hand
hygiene to help stop the spread of germs and illness
in the workplace. When you can't get to soap and
water, use alcohol-based hand sanitizers.

*"The results have
proven that we
have better
attendance.
We've expanded
PURELL to every
desktop."*

**FedEx Custom Critical
reduced absenteeism due to illness
by 21% with PURELL on the desktop.³**

Results of outcome studies show significant decreases
in absenteeism due to illness when PURELL programs
have been implemented.
