As the category-exclusive sponsor of
Keep America Beautiful's Great American Clean-Up™, we're proud to support
the Keep America Beautiful® mission to get people everywhere to improve their community
environments through litter prevention, waste minimization & recycling, and beautification.

Contact your Solo representative or call 1-800-367-2877.

Is composting available in your community? To check, go to findacomposter.com.

Printed on FSC-certified paper with
a minimum of 30% post-consumer
recovered fiber. Printed using soy
based inks.

eco-forward™ single-use products for the foodservice industry

for today. for tomorrow.
for good.™

eco-forward™ single-use products from **SOLO**

good for business.
good for everyone.

We're committed to making a positive difference. We're **Bringing Alternative Resources for the Environment. Introducing Bare™ by Solo®** — the foodservice industry's first single-use packaging brand with a broad environmental platform.

We believe that being green is not a trend, but a responsible business decision that will also result in greater sales. From compostable to post-consumer recycled material to renewable content, Solo now offers a large breadth of eco-forward™, disposable cup, dinnerware and food container solutions to meet your needs.

// recycled materials

Reuse of natural resources is a key foundation of Solo's comprehensive environmental management platform. We utilize post-consumer materials that would otherwise end up in a landfill to produce our recycled content products. The end results are products that meet or exceed Solo's high standards of product function, quality and reliability.

PCF HOT CUPS

- First-ever FDA-compliant PCF paper hot cup
- Made with at least 10% post-consumer recycled fiber and at least 90% renewable resources

RPET CUPS

- PET cup made with at least 20% post-consumer recycled material
- FDA-compliant material

DELI CONTAINERS

- Made with 20% recycled content material
- Glass-like appearance highlights food visibility and presentation

// compostable

For some food packaging applications, a compostable product is the preferred environmental choice. Our PLA hot cups, treated paper cold cups, paper cone and water cups are fully compostable in a commercial compost facility, degrading through biological decomposition. All products meet the ASTM standard D6868 for compostability.¹

CUPS

PLA HOT CUPS

- Paper cup lined in PLA (a plant-based resin)
- Made with 100% renewable resources
- Compostable in a commercial compost facility¹
- Approved by the Biodegradable Products Institute (BPI)

TREATED PAPER COLD CUPS

- Wax coating creates firm, durable cup walls for cold beverages
- Made with at least 50% renewable resources
- Compostable in a commercial compost facility¹

PAPER CONE & WATER CUPS

- Treated paper
- Made with at least 80% renewable resources
- Compostable in a commercial compost facility¹

PLA HOT CUPS

TREATED PAPER COLD CUPS

DINNERWARE

SUGARCANE DINNERWARE - Plates and Bowls

- Made with at least 94% renewable resources
- Compostable in a commercial compost facility¹

PAPER DINNERWARE - Plates and Bowls

- Made with at least 93% renewable resources
- Compostable in a commercial compost facility¹

SUGARCANE PLATE & BOWL

PAPER PLATE & BOWL

TAKE-OUT CONTAINERS

SUGARCANE TAKE-OUT CONTAINERS

- Made with at least 94% renewable resources
- Compostable in a commercial compost facility¹

SUGARCANE COMPARTMENT CONTAINER

SUGARCANE CONTAINER

¹ Through independent testing, Solo confirmed that these products meet the ASTM standard for compostability. This means Solo's products are compostable in those areas where commercial compost facilities exist. Commercial composting facilities may not exist in your area, so please check with your local municipality.
