

OLYMPUS®

Compact Design

Lapel Mic Included

High Quality Recording in a compact and easy to use device.

The new VN-702PCm digital audio recorder is great for simple and easy note-taking at work or in the classroom. This new recorder features a large LCD, 2GB of internal memory and a micro SD slot with the potential to hold up to 32GB of additional memory per card. The VN-702PCm also enables you to download your files via USB and records in both MP3 and WMA formats.

The built-in stand placed on the back of the unit works like a kickstand so it can be placed on the table to reduce the noise from the surface and allow users to read the menu without having to look down at the recorder.

With the Scene Select Function, the microphones will automatically adjust to capture the best sound depending on your setting.

Features

- Built-in 2 GB Flash Memory (up to 823 hours recording time)
- Micro SD slot holds up to 32GB of additional memory per card
- Includes external lapel mic.
- Records and plays back in both MP3 and WMA formats
- USB 2.0 Support—for high speed, mass storage of files for emailing or saving of audio files and fast transfers to your PC
- 200 files in each of 5 folders for organization of recorded files
- Scene Select Function — microphones will automatically adjust to capture the best sound depending on your setting
- Built in stand placed on the back of the body reduces the noise from the surface when placed on a table
- Long life battery use gives up to 72hours of continuous recording
- Large LCD for easy, quick viewing of file locations, recording status and battery life
- Calendar Search Function allows you to easily search for files by date
- Voice activation makes automatic starting and stopping of the recorder an extra benefit that saves time and energy
- Index marks let you specify a particular point in a recording or playback for easy retrieval
- Microphone jack—3.5mm
- Earphone jack—3.5mm
