Professional color, intuitive manageability, and world-class extensibility—all for an outstanding value. Help your business prints make more of an impact—produce high-quality color marketing materials and more. Count on HP for energy-saving features.

Make your business look its best with high-performance color—without paying extra for black-only printing

- Create realistic color and crisp details that you can depend on, using HP EasyColor technology.
- Increase color accuracy with HP ImageREt 3600 and HP ColorSphere toner technology.
- Achieve low-cost, high-quality printing right out of the box. This HP LaserJet ships with a complete set of cartridges—on average, nearly two times more black toner and more than two times the color toner of leading competitors—a value of approximately $350.[11]
- Print black text affordably, using an optional high-capacity black toner cartridge.[2, 4]

Invest in a printer that's as easy to use as it is to manage

- Manage jobs directly from the printer with a four-line color display, and easily print from a flash drive.[5]
- Make printing as mobile as you are with HP ePrint.[6]
- Secure jobs via user authentication, and protect data with an HP High-Performance Secure Hard Disk.[3]
- Easily control color usage with HP Color Access Control, plus proactively manage printing environments.

Consistently update and manage printing capabilities with HP FutureSmart Firmware

- Easily update, manage and expand the capabilities of networked printers, and do more with your investment.
- Add capabilities to your HP LaserJet when you take advantage of HP Solutions Business Partner program.
- Integrate optional productivity and security solutions through the hardware integration pocket.[5, 7]
- Increase productivity—get up to 1100-sheet paper capacity for large printing jobs.[1]

Reduce energy use by 19% to 66% by setting the Auto-On/Auto-Off mode.[8] Save paper with automatic two-sided printing.[5]

- Reduce energy with HP Auto-On/Auto-Off Technology.[8] Also save with Instant-on Technology.[9]
- Save time with convenient cartridge installation, and get free, easy cartridge recycling.[10]
- Conserve resources and save paper, using automatic two-sided printing—get up to 50% paper-savings.[5]

Top Features

The HP LaserJet Enterprise 500 color M551 printer series gives productivity a boost with the power of color. The printer's top features are highlighted below. For a more in-depth look at these features and their benefits, see the pages that follow.

Business-boosting color

HP EasyColor technology detects document content and automatically adjusts color rendering to optimize photos and streamline printing.

HP ImageREt 3600 and HP ColorSphere combine to produce consistent, professional results with crisp, glossy text and lifelike images.

A complete set of Original HP toner cartridges comes pre-installed, delivering superior results out of the box.[1]

The optional high-capacity black toner cartridge can save you time and money.[2]

Market-leading manageability

HP Web Jetadmin and the HP Universal Print Driver enable your administrators to centrally manage large imaging and printing fleets composed of both HP and non-HP devices.

HP Color Access Control lets you curb the costs of color.

Let HP ePrint revolutionize the way you think about printing.[3] Print from your smartphone to any registered printer on your network with a few clicks.[4]

User authentication and the HP High Performance Secure Hard Disk keep your sensitive documents private.

Inventive expandability

HP FutureSmart firmware can extend the value of your investments by making it possible to run new solutions on existing hardware while saving your IT workforce time and effort.

HP Solutions Business Partners offers HP certified solutions to improve productivity by meeting your unique business needs.

Attach security solutions to the control panel's hardware integration pocket for a seamless appearance.

The 1,100-sheet paper capacity can reduce intervention and hassle.[5]

Outstanding energy and paper savings

HP Auto-On/Auto-Off technology can save significant energy costs with one simple function.[6]

HP EcoSMART Fleet lets you monitor and manage your energy usage across the printing fleet.

Easy cartridge installation and free cartridge recycling takes the worry out of supplies management.

Automatic two-sided printing can save you up to 50% on your paper usage.[5]

Get the most out of your printer with HP accessories, supplies, and services.

500-sheet Paper Tray

Improve productivity with impressive paper capacity, using this workhorse color laser printer. Get up to 1100-sheet capacity to save time and complete large print jobs without reloading. Gain media flexibility while decreasing time spent loading paper.

[1]Measured using ISO/IEC 24734, excludes first set of test documents. For more information, see hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity. [2]Exact speed varies depending on the system configuration, software application, driver and document complexity. [3]Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups. [4]HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period. [5]Toner cartridge yields established using ISO/IEC test standards. Actual yields and costs vary considerably depending on images printed, number of color pages printed, and other factors. [6]Configuration tested: HP LaserJet Enterprise 500 color M551dn bundle tested simplex printing, A4 paper at an average of 32 ppm. [7]Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages; this will damage the printer and void the product warranty. Power consumption in Auto-Off mode depends on customer network switch capability, user configuration and network activity. Off-mode power may vary while checking network packets for print jobs.
