

the SAMSUNG ML-2855ND mono laser workgroup printer

The workgroup isn't working if everyone's standing around watching the printer. The SAMSUNG ML-2855ND mono laser workgroup printer features fast print speeds of 30 ppm. A 400 MHz processor and 64 MB memory minimize bottlenecks. A 250-sheet cassette, 50-sheet multipurpose tray and optional 250-sheet cassette gives you a total capacity of 550 sheets. There's also a 2-line LCD screen and compass navigation for intuitive operation. A 50,000 page monthly duty cycle means durability and reliability. With built-in duplex printing and our TonerSave™ feature, the ML-2855ND gives you one of the lowest TCOs in its class.

advanced design that redefines the modern office

an astounding monthly turnover

What would your business look like with a small quiet laser printer that could be used anywhere? SAMSUNG's ML-2855ND can be placed where it is convenient for you, on your desk or at the corner of your office, and its stylish design won't need to be hidden. The world's smallest laser printer with built-in duplex is only 391 x 369 x 217 mm

ML-2855ND has been built not only to be one of the most dependable and reliable printers currently available, it also prides itself on having one of the best output potentials in its field. At 50,000 pages per month, the ML-2855ND manages more printing capability than some of its competitors.

(15.39" x 14.52" x 8.54"). Visualize all the places this compact laser could fit into your business. And imagine how the trendy stylish design will update your environment.

reliable performer that enhances business production

With the optional second paper tray, input is more than doubled. And with a remarkable 400 MHz processor combined with 64 MB memory? Expandable to 192 MB - it's simply fast, easy to use compact printer on the market.

double sided printing as standard

To save time in having to re-insert a printed page back into your printer, SAMSUNG have secured the convenience of duplex printing. You can now print on both sides of the page in one simple step. Forget waiting around for your printer to do its work? You can now get on with yours.

low cost per page in its class

SAMSUNG ML-2855ND achieves exceptional printing results while reducing total operating costs and realizing a low cost per page. Maximize efficiency for your business with SAMSUNG ML-2855ND.

wired network printing

ML-2855ND offers network printing capabilities to easily connect your workplace, including an ethernet interface capable of being cabled directly into your network.

EcoLogo Certified

instant printing at the touch of a button

The EcoLogo(TM) Program certifies and recognises products and services that are environmentally favourable after a stringent process that includes third party verification of compliance to EcoLogo(TM) certification criteria. It develops and promotes higher standards of environmental performance against which products and services can be assessed.

We've discarded the need for bulky manuals and elaborate brochures on how to operate your printer. The ML-2855ND is innately easy to operate, and can be controlled by the touch of convenient compass navigation. You'll spend more time with your clients and less time with your appliances.
