VICTOR®

1310

Big Print™ is the first printing calculator with the option to function with 12 normal size digits or 10 Big Print™ digits. Big Print™ characters are 150% larger than any other calculator. The 1310 also features a 2-color 10/12 digit dot matrix display and a whisper-quiet thermal printer that prints 6.0 lines-per-second, making the Big Print™ easy on both the eyes and ears.

Big Print™ Commercial Printing Calculator with 150% Larger Print
