Lightweight Noise Cancellation Headphone

Compact Design

- Eliminates up to 95% of sounds that interfere with your listening pleasure
- Enhanced audibility of distinct tones for a truer audio representation
- Reduced distortion resulting from over-amplification
- Ideal for home and travel, especially airplanes
- Comfortable, lightweight, adjustable, collapsible
- Travel pouch included

Lightweight Noise Cancellation Headphone

(HP/NC-III)

Portable Stereo Headphone System Compatible with Any Portable Audio Device

The Newest Advance in Electronic Technology

Microphones in the headphone detect ambient noise that is interfering with your music. Information from the microphones is fed to the audio enhancer pack where it is analyzed and a precise active noise cancellation wave is generated. When this "anti-noise" wave meets the unwanted noise, the noise is reduced and your music comes through loud and clear.

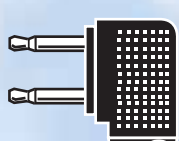

Take Your Audio Portable to the Max

Now you can get great sound from your portable radio, tape player or CD player anytime, anywhere. Take control of your listening environment with this new dimension in electronic audio technology.

Achieve Peak Acoustic Performance

Maxell's HP/NC-III Lightweight Noise Cancellation Headphones deliver the most uncompromising, high impact, stereo sound.

- Enhanced audibility of distinct tones for a truer audio representation
- Reduced distortion resulting from over-amplification
- Lower non-linear distortion
- Reduced variability in frequency response

AIRLINE PIN

TRAVEL POUCH

COLLAPSIBLE

Loaded with Features

- Maxell's noise cancellation technology is incorporated into our HP/NC-III headphones for automatic noise reduction
- Improves frequency response
- Digital-ready stereo headphones
- Comfortable, lightweight and easy to adjust
- Collapsible and compact for portability and easy storage
- Over 50 hours of battery power with 2 AAA batteries (not included)
- Dual prong adapter for portable and in-flight entertainment systems
- Includes a drawstring travel pouch for easy storage

TRAVEL – Reduces noise from airplanes, buses and trains

HOME – Ideal for Home Theater sound systems

HOME – Great while using lawn mower or exercise equipment

WORK – Blocks out annoying machinery noises

Specifications

Type:	Lightweight
Impedance:	32 ohms $\pm 10\%$
Drivers:	30mm
Magnet:	Neodymium
Film:	0.016mm
Coil:	13.6mm
Sensitivity:	100dB/mW ± 3 dB at 1kHz
Channel Balance:	<3dB
Rated Input:	40mW
Maximum Input:	100mW
Frequency Response:	14-24,000Hz
Plug:	Silver Plated 3.5mm Stereo
Item #:	190402
Item UPC #:	0-25215-19116-9
Item Pack Size:	9.50" x 6.50" x 2.63"
Item Pack Weight:	0.49 lb
Case Carton UPC #:	100-25215-19116-6
Case Pack/Case Size:	6 / 7.13" x 13.00" x 8.00"
Carton Cube/Weight:	0.43 / 3.48 lb
