The Pioneer of Environmentally-Friendly Pens – Sarasa® Eco

Zebra's Sarasa® Eco, retractable, gel pen is one of the first eco-friendly products in the writing industry certified by the Environmental Choice™ Program. Sarasa® Eco pens are made from 81% post-consumer content. With a strong spring-loaded pocket clip to attach easily to binders, books, pads and pockets, the Sarasa® Eco is extremely functional. Its soft rubber grip adds comfort and it is refillable with Zebra's JF-Refill.
