X-ACTO® ProX® Anti-Microbial Electric Pencil Sharpener

The X-Acto® ProX® is a professional pencil sharpener designed for use in high capacity environments. With SmartStop™ technology, the machine shuts off and a light illuminates when pencil is sharp, virtually eliminating over sharpening. The SafeStart™ mechanism keeps the machine from starting unless the receptacle is in place. Large, multiple hole selector for different sized pencils. Quiet Powerful Motor. Extra Large Receptacle. 10-year manufacturer's limited warranty.
