

Logitech® Media Keyboard K200

For one touch to the things you do most

This sleek and sturdy keyboard gives you more than effortless typing. It helps you simplify your life. Get right to the things you do everyday with instant access to email, music, the web and more.

FEATURE AT A GLANCE

One-touch activity keys

Access play/pause, volume, email, calculator and more with one touch.

Rugged good looks

Thin profile, spill-resistant design* and sturdy adjustable tilt legs.

* Tested under limited conditions (maximum of 60 ml liquid spillage). Do not immerse keyboard in liquid.

Comfortable, easy typing

You get a full-size standard layout with number pad, quiet keys, and bold easy-to-read characters.

Plug-and-play setup

No software to install—simply plug the keyboard into your USB port and start typing.

WORKS WITH

Windows-based PC

- Windows® XP, Windows Vista®, Windows® 7 or Linux® kernel 2.6+
- USB port

WHAT'S IN THE BOX?

- Keyboard
- User documentation
- 3-year limited hardware warranty
