

CODA

ABOUT

The iFrogz Coda headphones are lightweight and powerful. They feature a detachable cable that ensures protection against accidental dislocation and allows users to change the cord for a different length, color, or material. In addition, an in-line, single-button remote/microphone makes controlling music and taking calls a breeze. The Codas also feature a pounding 40mm driver that keeps sounds balanced for a pure stereo experience. Their soft-touch finish is available in multiple chic colors, so there's a pair of Codas for every style.
