# Anywhere Mouse MX™

Compact mouse with Logitech® Darkfield Laser Tracking™

## You work everywhere. And now your mouse does, too.

The Logitech® Anywhere Mouse MX™ works wherever you do. Thanks to Logitech® Darkfield Laser Tracking™, you'll get precise cursor control on virtually any surface, even glass tables (4 mm minimum thickness) where optical and standard laser mice fail. The tiny Logitech® Unifying receiver stays in your notebook, so you can take your mouse anywhere.

### Key Features

- Darkfield Laser Tracking technology works virtually anywhere, even on glass
- Tiny Logitech Unifying receiver stays in your notebook
- Compact design that's easy to take with you
- Hyper-fast scrolling for flying through long documents

- CD-ROM drive or internet connection

## Package Contents

- Mouse
- Logitech® Unifying receiver
- Logitech® software CD
- Carrying pouch
- 2 AA batteries
- User documentation

## Warranty

- 3-year limited warranty

## Feature Spotlight/Focus

### Works virtually anywhere—even on glass\*

Your mouse is accurate, even on glass tables where optical and standard laser mice fail. Logitech® Darkfield Laser Tracking™ uses the smallest possible details to create a micro-road map of the surface.

### Plug it. Forget it. Add to it.

The Logitech® Unifying receiver stays in your notebook, so there's no need to unplug it when you move around. Plus, you can easily add a compatible wireless keyboard or number pad, or even another mouse—without the hassle of multiple USB receivers.

### Comfortable even on the go

Small enough to easily take with you, the compact, sculpted shape fits your fingers for a naturally comfortable grip.

### Scroll at hyper-fast speed

You control the pace. A nearly frictionless scroll wheel lets you fly through long documents, presentations, and Web pages. Or shift to click-to-click mode for precise, line-by-line navigation of lists, slides, and images.
