Stay connected to your peripherals while charging and syncing your iPhone. The Kensington PocketHub™ 3-Port USB and Sync has a built-in 30-pin connector port that lets you charge and sync your iPhone, plus 3 additional USB ports for connecting your camera, flash drive, mouse and other USB devices.

Features and Benefits

- Charge and sync your iPhone or iPod without blocking a needed USB port
- 3 USB 2.0 ports let you stay connected to mouse, keyboard and more
- Plug and play, and hot swappable for instant connectivity
- External power adapter has plenty of juice for power hungry
- Functions as a standalone charger for your iPhone or iPod
- Compatible with iPhone 4, iPhone 3GS, iPhone 3G, iPhone and iPod touch, 1st, 2nd and 3rd generations

Technical Specs

- Compatibility with PC running Windows® 7, Windows Vista®, Windows® XP or later and Macintosh® running Mac® OS X 10.1.5 or later. Compatible with USB 2.0 or 1.1 ports.
- Dedicated 30-pin iPod connector for data synchronization and charging with iPods and iPhones. The device can be placed in either landscape or portrait mode
- 3 powered downstream USB 2.0 ports
- Functioning as a stand-alone iPod/iPhone charger with the supplied power adapter
- Protective travel cover
