

LOOVER HIGH BACK MESH WEIGHT SENSITIVE SYNCHRO

2661-8 G5 MT24 VU12 BLK

2661-8 G5 MT32 VU19 BLK

2661-8 MT24 BLK G5 CX 19

- **Weight Sensing Mechanism** - automatically adjusts the tilt tension to each user's weight
- **Synchro Tilt Mechanism** - links the seat and the back so that they tilt simultaneously
- **Flexible and Supportive Vue Mesh back** - promotes healthy posture with its contoured lumbar design
- **Slide Seat Depth Adjustment** - changes the depth of the seat to accommodate the length of your thighs
- **Contoured Seat and Waterfall Edge** - supports pelvis and hips in a comfortably balanced position
- **Height and Width Adjustable Arms** - match shoulder breadth and ensure proper forearm support
- **Sliding Armcap** - moves forward and backward to desired position
