# Scan the code. Protect your printers.

**Make sure every box is genuine HP.**
Counterfeit supplies are more prevalent than most people think, and more serious. They can harm your printers, hurt your bottom line, and affect the environment. They can also look very real. Scan the QR code to make sure you're getting Original HP quality. Because protecting your investment matters. Learn more at hp.com/go/anticounterfeit

**Make it matter.**

## Make sure you're getting Original HP toner and ink

**Step 1**

Download the HP SureSupply app or a generic QR scanner app from your app store.

**Step 2**

Scan the QR code located on the outside of the box of HP toner and ink.

**Step 3**

Once the code is authenticated your smartphone will display a verification screen from HP.

**BUY NOW**
